These Specialist Teams will make their respective reports in their areas of competence and a final report together with the recommendation of awarding to the Board of Directors of CENTRO CEIBAL, who will arrange the award or cancel the purchase.

4.2. Evaluation Criteria:

The evaluation of the offers does not oblige CENTRO CEIBAL to define the award based exclusively on the cheapest offer or the best technical offer. This concept also requires an adjusted global weight, taking into account, among other factors, the technical aspects, the company's background, delivery times, etc.

Centro Ceibal reserves the right to negotiate the conditions of the offer with those that it deems most convenient for its interests, without this resulting in any claim from the other bidders.

4.3. Final report of the evaluation of offers:

The members of the Specialist Teams will make a joint final report identifying the eligible offers and establishing an order of preference among them; and prior to being submitted to the consideration of the Board of Directors of Centro Ceibal, a hearing will be given of the bidding companies for a period of 5 working days from the first day following the notification. Within this period of time, the bidders may formulate in writing the considerations that merit the procedure performed up to that moment and the report of the *Comisión Asesora de Adjudicaciones*. In this context, it is empowered to:

- award the bid to the bidder who meets the best conditions.
- not assign any bid or any item.
- divide the award.

Likewise, if the guarantee is issued by a banking or insurance institution, the constituent document must contain a clause that establishes that the aforementioned guarantee can only be released upon prior written communication from Centro Ceibal.

If the guarantee is not constituted in the manner and term indicated, CENTRO CEIBAL may cancel the award. In this case, CENTRO CEIBAL may reconsider the study of the Bid, excluding the bidder awarded in the first instance.

The guarantee of faithful fulfillment of the contract can be executed in case the successful bidder fails to comply with the contractual obligations. And it will be returned once the fulfillment of all the contractual obligations has been accredited.

5.3. Contract Signing:

The awardee must present himself to sign the contract within a period of 5 working days from the day following the notification to appear for this purpose, otherwise the maintenance guarantee of the offer will be executed. In the case of foreign companies, for the purpose of signing the contract

It will be the sole responsibility of the awardee to use patents for invention, trademarks and other types of intellectual property (rights of copying and use of books and computer programs, etc.) belonging to third parties that it requires to carry the aim of this tender. Any amount that the adjudicator would have to pay in order to make use of such rights of third parties, will be of its exclusive charge and cost.

5.6. Sanctions:

The conducts that configure breach of the Awardee, may give merit to the imposition of the following sanctions:

- Fine: The Awardee may be sanctioned with a fine. In cases where there is no express sanction defined in the Service Level Agreement or in the Contract, it will be sanctioned with a fine that will be determined based on the entity's breach, which will range from 5% to 20% of monthly billing for the service contracted. In the case of the acquisition of products, in case the selected supplier is delayed in the agreed quantities and delivery times, and unless something different has been arranged in the Technical Specifications, or the parties have agreed something different in the contract, it will be sanctioned with a fine equivalent to 5% on the value of the supply that should have been delivered. The

fine will be applied from the business day following the expiration of the delivery period. For each additional week of delay, the fine will increase by 1.5%. After 30 calendar days of delay, without the supplier having delivered the purchased equipment, it will be grounds for rescission of the contract.

In case of application of fines, CENTRO CEIBAL is authorized to withhold the amount of the same from the amounts that the Awardee would have to receive.

- Rescission of the Contract due to total or partial non-compliance. By way of example, may lead to the termination of the contract:

- That the Awardee incurred in fraud, gross negligence or breach of the obligations and conditions stipulated in the Tender Specifications, Bid and in the Contract.

- Failure to pay corresponding tax and insurance obligations.

CENTRO CEIBAL may require the awarded company to prove that it is up to date in the payment of the current social laws, tax contributions, health insurance that corresponds, as well as that the staff is insured against work accidents, in accordance with the current dispositions.

5.10. Arrears:

The awarded supplier will fall into default as of right without the need for judicial or extrajudicial management or interpellation of any kind due to the expiration of the terms and conditions agreed, for the performance of any act or fact that translates into doing or not doing something contrary to what is established in the commercial relationship.
